

My IVA has been approved

The date I get paid has changed so my contribution will be late – do you need to know?

On occasion standing order mandates need to be amended due to salary dates changing, change in circumstances etc. However changing the date your standing order mandate can result in arrears on your arrangement. If you need to change your contribution date and you are unsure how this will affect you contribution, then call us. We can check to see if the change in your standing order date will affect your arrangement and often offer a solution.
